

C

Subject: "Countdown to Christmas - A C-coded Advent Calendar"

Lore:

Embark on a journey through time in anticipation of the festive season with the "Countdown to Christmas" C-coded Advent Calendar. In this coding adventure, participants will delve into the world of C programming, crafting an Advent Calendar that reveals the current date and the days remaining until Christmas. The code, both elegant and efficient, brings to life the excitement of counting down to the most magical day of the year.

Description:

For this exercise you'll make a magic calendar that picks a number randomly between 1 to 25 and tells you how many days it remains until Christmas.

```
• [tomseng@antas-fedora C]$ ./a.out
  nous somme le 3
  Il reste donc 22 jours avant Noël
• [tomseng@antas-fedora C]$ ./a.out
  nous somme le 3
  Il reste donc 22 jours avant Noël
○ [tomseng@antas-fedora C]$
• [tomseng@antas-fedora C]$ ./a.out
  nous somme le 19
  Il reste donc 6 jours avant Noël
• [tomseng@antas-fedora C]$ ./a.out
  nous somme le 5
  Il reste donc 20 jours avant Noël
```
